

Auslan

(AUStralian Sign LANguage)

During Auslan, our students will learn and continue to consolidate their current skills, such as the alphabet, numbers, animal signs, colours and greetings. Throughout these topics, they will work on using signs in a range of different scenarios, such as through song, games and voice off activities.

The topics covered this term are:

Preps – Basic greetings and Farm Animals

Year 1/2s – Greetings and Sea Animals

Year 3/4s – Consolidating the alphabet and working on fingerspelling fluency

Year 5s – Creating a bilingual book signing about themselves and their buddies

Year 6s – Producing a bilingual book signing about their chosen role model

I am looking forward to a wonderful year of Auslan.
